Google Drive API

If you give permisson to access Google Drive, you will get a list of text files in your Drive and may upload local text files to your Drive.

Sign in   List   Upload

```
function removeFile(fileId){
  gapi.client.drive.files.delete({fileId})
    .then(execute, error)
}
function displayFile(fileId){
  gapi.client.drive.files.get({fileId,alt:"media"})
    .then(r => data.innerText = r.body, error)
}
```
